Lions Ask Rogers' Sugar Act Support By Fla. Delegation

Emphasizing its support of Pan-American solidarity and encouragement of the good-neighbor policy with its friends in the Caribbean, but calling attention to the consideration of "home-grown food on our own soil," the local Lions Club asked the Florida Delegation in Washington to support Congressman Paul Rogers' bill on sugar quotas.

Propaganda experts have originated news stories out of Washington referring to the purposes of the bill as to "take away from Cuba" certain of its quota granted under the reciprocal trade agreement.

The facts do not support this interpretation by enemies of the bill. When the last reciprocal trade agreement was made in 1940, it always gave Cuba the privilege of furnishing the major portion of the more than 8,000,000 tons of annual consumption in the U. S. Hawaii, Philippines, Puerto Rico and other South American countries are given a small percentage according to their history of offerings to world markets. Continental U. S. is assigned a portion, with best sugar states of the midwest getting a major portion of that. Florida and Louisiana have the continental cane-sugar quota.

Rogers' bill attempts to allow to continental U. S. a greater proportion of the increase in sugar consumption in the U. S. over the actual use in the year the treaty was made. Last year the actual use in the U. S. exceeded the estimated use, and '45 promises to far exceed the estimated use. This increased use in the U. S., while not substantial in the over-all picture, nevertheless is substantial in the half-million-ton quota of Florida and Louisiana.

If the bill becomes a law approximately 165,000 tons will be added to continental cane-sugar quota for '55. This will allow U. S. Sugar, Fellenberg and Okla. to sell a portion of the sugar they have stored now as carry-overs from '54 and '55. The carry-overs are due to an extent to the estimate—of not actual use—made by the USDA at the beginning of each year.

Following is the resolution adopted by the Lions Club and Chamber of Commerce this week. Similar resolution will be considered by the City Commission and Rotary Club at their (Continued on Page Eight)

LIONS INSTALL '55 SLATE OF OFFICERS

Buddy Schoenfeld turned over to Carroll McDonald the gavel and symbol of office of the President in a ceremony of installation Wednesday conducted by Lion Manning Keene of Pahokee.

Other officers installed were: R. L. Murray II, 1st Vice President; Jim Wierenga, 2nd Vice President; H. V. Draa, Secretary; W. Thibault, Treasurer; Tommy Parker, Tail Twister; LeBron Williams, Lion Tamer and the following directors, V. C. Mulberry, P. L. Harris, Dale Ellis and Emil Wolf.

Shorty Draa presented for the Little League organization to Buddy Schoenfeld for the Lion, the trophy for having the winning team in the recently completed schedule.

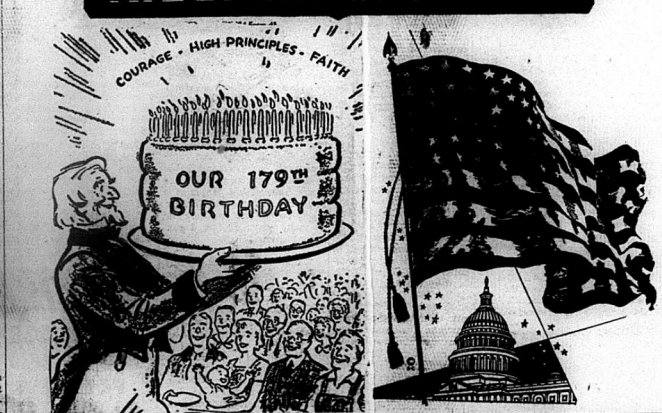

Working Of Pumps At S-5 Explained By FCD Official

The Central and Southern Florida Flood Control District office at West Palm Beach yesterday pointed out to the HERALD that Pump Station S-5A on West Palm Beach Canal has the job of three pump stations until two others are completed. At the present time and probably through the flood season of 1956, the existing pumps near Twenty Mile Bend are required to perform as best they can as a task eventually to be handled by themselves and two additional pump stations on the Hillsboro Canal. For that reason and because improvement of canals themselves are "incomplete," S-5A cannot perform completely the function for which it is designed. The District office explained, even though it is the largest pump station of its kind in the world.

However, it was pointed out that unless extremely high rainfall occurs in its service area during the present wet period, the pumps are expected to prevent heavy flood damage in its area and to provide considerable drainage service to the area of the Hillsboro Canal.

The FCD office restated that project plan for the Everglades Agricultural Area is, briefly, for the purpose of reducing damage to crops and pasture, by reducing landowner pumping costs, for making possible development of all the farm lands in the area and for making available an adequate supply of irrigation water to all (Continued on Page Four)

INDUSTRY PRIDE DAY

Beckenbach Given Elks Club Open For Directorship Of All Teen-Agers Tonite Fla. Exp. Stations

Glades farmers who knew Doc Beckenbach when he was station director at the Everglades Station are glad to learn of his promotion to Governor-elect. The position of Director of the University of Florida Experiment Stations, to take the place of Director Fifield who has been promoted to the position of Provost. Both gentlemen have a working knowledge of the Glades and an appreciation of our needs for assistance in their respective fields.

Dr. Beckenbach was advanced from the position of associate director which he has held for the past five years and succeeds Mr. Fifield, who became provost for agriculture at the University June 1. Dr. Bledsoe has been assistant director for the past year.

Dr. Beckenbach is a graduate of Antioch College, with the master's degree from Ohio State (Continued on Page Four)

1700 Cattle Bring \$98,058 This Week

Supply of cattle has been sufficient at the Glades Livestock Market to attract large numbers of buyers, according to manager George Young.

Good feed lot steers are in strong demand at the local market with stocker steers continuing strong in all markets where volume is sufficient to draw buyers. Last week the calf market was reported irregular all over the state.

Report of Monday's and Wednesday's follow:

MONDAY, JUNE 27
1370 cattle, \$80.84-\$83.

SLAUGHTER

Steers: Good 21.00-22.50, Coml 15.00-16.50, Uty 12.50-14.25, Cut 12.00-12.25.

Heifers: Coml 14.50, Uty 10.25-14.50, Cut 9.00-10.60.

Cows: Good 17.00-17.25, Coml 14.50-16.75, Uty 12.25-14.00, Cut 5.00-12.75.

Uty 12.25-14.00, Cut 9.50-11.75, Can 8.00-9.50.

Heifers: Uty 12.50-12.75, Cut 11.50-11.75, Can 8.75.

STOCKER

Steers: Stocker, 8.50-14.50, Feeder 16.00-17.75.

Heifers: 6.75-10.80.

Cows: 5.25-11.75, Bulk 9.50-11.00.

Wednesday, June 29, 330 cattle, \$17.19-\$23.

The market will be closed Monday, July 4th, with a large sale expected next Wednesday.

Buster Shiver Dies Swimming Pool In Tifton, Georgia Fund Soars To \$35,000 Mark

Daniel (Buster) Shiver, 57, Belle Glade farmer and pioneer resident, died suddenly about 12 midnight Wednesday while visiting relatives in Tifton, Ga. Mr. and Mrs. Shiver and daughter-in-law, Mrs. J. M. Shiver, left Belle Glade last week on a vacation visit to their native state.

Mr. Shiver came to the Glades from Tifton in 1929 and was engaged in farming for many years, produce harvesting, and cattle business here.

Survivors are his wife Mrs. Annie Mae Shivers, Chosen; two sons, D. L. Shiver, Chosen, and J. M. Shiver, Belle Glade; two sisters, Mrs. Jim Sumner and Mrs. Allen Rogers both of Omega, Ga.

The body will be returned to Belle Glade with Wetherington Funeral Home in charge. Funeral arrangements were not complete late Thursday.

Glades Celebrate July 4 In Pahokee

A big Gladeswide celebration on the Fourth of July is planned by the Pahokee Chamber of Commerce for everyone in communities around the Lake beginning with a barbecue from 5 to 7 p.m.

Following the barbecue, a musical program will begin at 7:30 at the waterfront, presented by the Uphoff quartet and the C-Jay Band of Belle Glade. Col. Thomas H. Goodman, regional director of Civil Defense, of the Southeastern States and Warmer Justice (Continued on Page Eight)

Summer Program Attracts Over 250

The rainy season doesn't seem to hinder the Summer Recreation activities in the Belle Glade Municipal Park, according to Coach Edwin Young, who states that the supervisors for the program never have an idle moment. Enrollment has increased this week to 250 with excellent participation in sports, including hip jumps, tumbling, soccer, softball, boxing, tennis, chinning, rope climbing, dodgeball and volleyball.

The Midnets baseball team (boys 10-12) were winners in a game against the Pahokee Midnets this week on the local diamond with a score of 3-1.

The Swimming program this year under Coach Hector Ouellette has enrolled in the beginning class approximately 40 girls and 44 boys and that is a lot of children to teach swimming (Continued on Page Eight)

Mixed Vegetables, Celery And Corn Lead List of 18 Items In Carlot Shipment

Miss Suzanne Forsee Named On Dean's List

The excellent record at the University of Florida of Miss Suzanne Forsee, places her on the Dean's list for the second semester year, 1954-55. This is the highest honor of the University college. Scholastic achievements place Miss Forsee in the upper five per cent of the entire class.

Miss Forsee, daughter of Dr. and Mrs. Thomas Forsee of 33 S.E. Ave. F., graduated with honors from Belle Glade High School class of '54. She was valedictorian of the class, having the highest average for four years, and also for the year 1953-54. She was an outstanding student receiving general excellence in English and in the High School Band.

The education received during her years at the local high school prepared her to also be an outstanding student in college.

SEVERAL RECORDS BROKEN IN SEASONS SHIPMENTS

In addition to the largest season in the winter vegetable business both in volume and money received, several records were broken.

Not until this season has Belle Glade's railroad shipped 100 cars in any one day, and they did that six times during this season. The record is 125 rail cars in one day, on May 4th.

The record day for rail movement from the Glades occurred this year, when 205 rail cars were shipped from the Glades.

Pioneer Growers had its biggest day or record in 72 car equivalents in one day.

The old master salesman "Spider" Lindrose assisted by Doug Thompson has yet to finish covering the business district and as soon as Earl makes a few shakies to support the Lindrose family this section will be completed, probably by the first of the week.

Residential district workers are responsible for approximately \$2,000 of the total fund with not all reporting and many not picking up their work kits at the Chamber office.

Those originally contacted by Mrs. Frank Dooley, Mrs. Eugene Ellis, Mrs. Lorenz Connel and Mrs. Howard Payne who may fall into this class are urged to get their districts underway immediately.

Those workers who have not reported are urged to do so. South Bay working as a unit with Mrs. Mary Waters spearheading the drive has yet to report their totals.

The Jayce orchestra has offered their services for a dance, the proceeds of which will go entirely to the swimming pool fund.

One interested carpenter has offered a week's work on the reconstruction in lieu of cash and as important.

We are convinced that Belle Glade's can and will have a swimming pool built if each of us thinks, talks and works toward this end.

Let's have any ideas, suggestions or offers to work appreciated. They will be appreciated.

Half-Year Auto Tags Available Now At C of C

Half-year auto tags go on sale today, July 1st, and may be purchased at the Chamber of Commerce office from 9:30 a.m. to 12 noon daily, except Saturday, through July 8th, according to Edwin Young, secretary.

Previously the Chamber of Commerce office has closed for the summer the last of June, and this year is remaining open half days next week for the convenience of tag purchasers, closing July 8th until school begins in the Fall.

Daily Records For Local And Glades Carlot Equivalents Set During May

Winter vegetables make up the major portion of the \$46,450,000 agricultural production in the western part of Palm Beach County for the 1954-55 season, just finished.

A substantial \$29,250,000 vegetable movement is followed by sugar at an estimated \$10,000,000 and citrus at an estimated \$8,000,000. Hamper, a comparatively new crop is fourth at an approximate \$1,000,000 for this season, and expanding.

Fresh milk, by Shawano Development Corporation, brings a safe \$100,000 annually, and orange—hay, cottage cheese—make up another \$100,000 easily.

The three at the bottom of the list, ramie, milk and forage, are expanding rapidly and promise substantial increases in production in the coming year.

The railroad report daily on the car movement, and therefore a strict tally is kept of the list, ramie, milk and forage, are expanding rapidly and promise substantial increases in production in the coming year.

An absolute check on one group of more than 5,000 car equivalents shows that 46 per cent were moved by rail, and the balance by truck. A general opinion among shippers — and they know — is that 45 per cent of the total movement is by rail. This does not follow exactly in all commodities. Some, like beans, are moved mostly by truck, but the proportion generally holds.

(Continued on Page Eight)

FRANK PHELAN, South Florida Director and Herald Photo Editor, District Manager of the Federal-State Inspection Service are complimenting Sales Manager Roy Segree on the quality of the corn being shipped by South Bay Growers Cooperative on the last day of the season. The corn was raised by Matt Thomas of Lake Harbor, pre-soaked and sold by South Bay Growers. Sweet corn is the latest "find" of a major item in Glades winter vegetable production, and its future seems assured, for when the Glades is producing, there's no better sweet corn grown anywhere.

Glades Vegetable Inspection Service Checks 15,829 Carlots During Year

When any organization has 15,829 units with an official error on only 2, that's a record, but that's what Frank Phelan and Paul Tiedler with their 67 inspectors did during the '54-'55 season in the Belle Glade District.

The Federal-State Inspection Service, directed by Frank Phelan as Regional Supervisor for

NORRAN BRADDOCK incoming President is accepting gavel and office from Marvin Unwin retiring President of the local Rotary Club. The official year in Rotary began last Friday, and all officers and committee assignments became effective as of that date. Other officers installed were Benny Weeks, Vice President, Russel Tucker, Secretary and Charlie Bolton, treasurer. Thos Bregger, Marvin Unwin and Bob Lanier were newly elected Directors.

Naval Air Officers To Be Here July 18th

Ward Harrison Photographer 3rd Class, USNR, who is now stationed at the Naval Air Reserve Training Unit, Miami, Florida, will be at the Belle Glade Post Office on July 18th with all the information about the "Week End Warriors." Ward has been a photographer for almost a year at Miami's Naval Air Reserve Unit since his graduation from the photography school at Pensacola.

On August 8, 1955 Ward Harrison will accompany personnel of the Naval Air Reserve on their two weeks annual training duty to Fort Lyauette, French Morocco, North Africa. He will make an on-the-spot photographic record of this Cruise which will also make stops in Naples, London and Paris.

Veterans and non-veterans who are interested in further in-

formation concerning the Miami Naval Air Reserve program should make it a point to speak to the Navy men on Friday, July 18th.

COMMISSIONER RARDIN PASSES ON COMPLAINT ABOUT GLADES ROADS

A request that a section of State Road 80 between South Bay and Six Mile Bend be declared an emergency and that the road be resurfaced before the start of the next farming season, was made this week by the County Commission.

The action was asked by Commissioner Paul Rardin, Canal Point, who said he doubted that the section of State Road 80 which serves many of the large growers in the Everglades, would stand up for another year.

Rardin appealed to the board to join in seeking immediate repairs, from the State Road

Department. The Canal Point commissioner said the situation is serious and unless immediate action is taken, a lot of farm equipment will be damaged in traveling the road during the coming season.

Rardin was pointed out by a letter to the commission from Pioneer Growers Co-op., a group of 15 large growers, who stated that immediate attention be given to the road.

The growers pointed out that some 55 per cent of the vegetable crop is hauled out of the Everglades by trucks which use State Road 80. Some 13,000 cars loaded with produce are hauled out of the area during the last season, the growers reported.

Rardin said he realized that the present road board had been hampered by the lack of funds carried this year but that by this year's end, the board should have raised SRD funds. He said resurfacing of State Road 80 between South Bay through Belle Glade to Six Mile Bend had been requested in the Palm Beach County road and bridge program this year, but had later been deleted by the state.

In another action, the commission supported Rardin in a resolution which the Glades commissioner presented asking that Muck City Road between Pelican Lake City and Conners Highway be completed.

Rardin asked that gas tax funds totaling \$13,000 be earmarked for construction of the Muck City Road.

Gold-Dobrow Theatres Talent Night, July 7

The management of the Gold-Dobrow Theatres announce the opening of Malcolm Miller's "Scout Night Thursday, July 7."

Elimination contests will be held every Thursday night at the Hugo Theatres for six weeks.

Cash prizes each week are: \$10 first place, \$5 second and \$3 third spot winner. First and second winners will be placed in the Grand Finals and will compete for Grand winner's silver loving cup, and \$100 cash. Second winner \$50 in cash and third place a four-month complimentary ticket to the Gold-Dobrow Theatres.

Acts will be selected each week for presentation over WSWN on one of the morning programs.

The stage at the Hugo Theatre has been revamped and enlarged and a new lighting arrangement is to be installed which will allow the audience full view of the dancers feet at all times.

Talent is urged to register now or to present themselves at the above theatre at 10 a.m. Thursday, July 7.

Lake Shore Radio and Appliances are sponsors of the opening show.

**Federal Grants In Aid
Program In 1953-1954
Is Over \$90 Million**

Under the federal grants-in-aid program a total of \$90,944,796 was "returned" to Florida governmental agencies and to individuals living in the state during the fiscal year, 1953-1954.

This amount was 13 per cent of the total federal internal revenue collections in Florida during the same period. The national figure was six per cent. Further, the Florida total represented 1.9 per cent of the total income of Floridians compared with a national average of 1.6 per cent. The \$90 million Florida total was 4.6 per cent above the previous year's payments while the national total increased 5.6 per cent.

The principal categories under which grants were paid in Florida are listed in this week's business review of the State Chamber's research and industrial division. The largest payment was for old age assistance, \$26,451,048, up 17 per cent over the previous year. Veterans programs amounted to \$18,211,503, down by 23 per cent. Other payments, none of which varied substantially, were aid to dependent children \$10,905,438; agricultural programs, including forestry, \$10,253,665; highways, \$7,009,648; national guard and its air arm \$3,478,824; education programs \$3,314,444; public health service and research \$2,167,894; unemployment compensation \$2,046,904; aid to the blind \$1,232,921. The balance program \$274,203. The balance (\$2,668,304) included grants for civil defense, housing, crippled children and wildlife restoration.

**DRS. GUZMAN AND OZAKI
ATTEND GRAD. SCHOOL**

Two men from the staff of the Everglades Experiment Station, Dr. Victor L. Guzman, Assistant Horticulturist and Dr. Charles T. Ozaki, Assistant Chemist, are in Gainesville attending Summer School at the

University of Florida. This summer's session started July 18 and extends through July 29.

The session which these men are attending is a Southern Regional Graduate Summer Session in Statistics. This is a program which has been initiated jointly by the University of Florida, Virginia Polytechnic Institute and the North Carolina State College. It represents a continuing program of graduate summer sessions in statistics held at the three institutions in rotation. Last year the first session was held at Virginia Polytechnic Institute at Blacksburg, Virginia.

One of the purposes of this program is to serve research and professional workers who desire intensive instruction in basic statistical concepts and modern statistical methodology.

A basic working knowledge of statistics is vital in the continuing program of agriculture as well as other types of research activity. These men are to be commended on their desire to better equip themselves for conducting research at the Everglades Station by taking the course of this opportunity.

**LOCAL BOY ELECTED TO
OFFICE AT BOYS' STATE**

Leo James of Belle Glade was held to the office of Governor-elect of Falsone at 1955 Florida Boys' State held on the campus of Florida State University, Tallahassee.

James is one of 438 outstanding high school juniors from all parts of the State who attended this week long course in learning government by practical experience. Boys' State, sponsored by the American Legion, is held on the campus of FSU each year. The City government operated throughout the week as the county and State governments were formed and officers elected. The number of participants again set a record for the 11th consecutive year.

**Cooper Named Chairman
Of Growers Convention**

Andrew Duda, Jr., Oviedo, President of the Florida Fruit and Vegetable Association, today announced the appointment of George H. Cooper, Princeton, as General Chairman of the Association's 1955 Convention, being held this year at Hotel Fontainebleau, Miami Beach, on October 4, 5 and 6.

"It is my pleasure to announce the appointment of Mr. George H. Cooper, President of the Glade and Grove Supply Company, and long identified with the fruit and vegetable industry of this state, as General Chairman of our 12th Annual Convention. It is an honor to which he is more than entitled. It is also a position for which he is well qualified. I am confident that as a result of his efforts, members of the Association and guests attending our coming convention will be well rewarded," said Duda.

**Mayor Proclaims July
Safe, Careful Month**

A proclamation signed by Mayor Ashley, Mayor of the City of Belle Glade designates the month of July as a safe and careful month urging that drivers and pedestrians be careful and cooperate.

In the month of July 1954, there were more than 12,000 accidents with 95 persons killed and nearly 4,000 persons injured in Florida.

The Florida Safety Council is calling on all citizens, American Legion Posts, veterans organizations, civic clubs, enforcement officers and others is trying to make this month an occasion of solemnity and dignity in memory of those who have, and who are today paying the supreme sacrifice to reckless and careless driving.

**Lake Park Wins Over
Belle Glade, 7-0**

After six innings of a very tight "pitchers' duel" the Belle Glade gave up four runs in the 7th to lose a rain-marred 7-0 ball game to Lake Park yesterday. The game gave Belle Glade one loss and no victories in the Coast-Fla League.

The local boys traveled tonight to Ft. Pierce to try for their first win of the season. Game time is 8:00 p.m., and the team members have been asked to be at the Harris Service Station at 5:30 in order to assure every player of transportation.

Statistics for Sunday's game: **Lake Park 100 002 4-7 2-0** Belle Glade 000 000 0-2 2-0 Batter: Dick Brown, Perry Bresson; Bud House, Perry Rigidon, and Jerry Gumme.

NEWS NOTES FROM OSCEOLA CENTER

Monday Joan Griggs took his Sunday School class of boys over to Pahokee where they competed with the Pahokee Army Team on a very interesting course with the Pahokee boys arranged especially for this event. Members of the class who participated were: Bobby Gamble, Lester Corbit, Carl Lance, Charles Thomas, Willie Grayson, Buddy Redmond and a guest Guyton who attended another Sunday School in town.

Next Monday the Osceola Archers are going to entertain the Pahokee Team and all boys from Belle Glade who are 10 years or more who have their own bows and four or more arrows. The Osceola boys have been busy getting the course ready for the tournament.

Miss Ziegler and Miss Janet Messner, who have been hospitalized in Stateboro, Ga., since an accident on June 10 are now at their homes in Pennsylvania. They were discharged and left for home Wednesday. Both girls will need four to six weeks of further recuperation at home, but their progress has been remarkable to date. They wish to thank the many Belle Glade people who sent cards and flowers, who stopped in to see them and in many ways expressed concern interest.

Wednesday morning Mrs. Helen Hood, Mrs. G. A. MacMillan, Mrs. Mattie Dotson, and Mrs. Julian Griggs met at the Sewing Room to make up some dresses and panties for children of war victims. The finished garments will be sent to needy areas in the world through Church World Service, New Windsor, Md., an international relief organization.

Each Wednesday during the summer there will be sewing for the women and older girls from 9:00 to 11:00 a.m. and 2:00 to 4:30 p.m. You are welcome to come and bring your own sewing if you like or help on the sewing for war victims or help make layettes and children's garments for use as needed in Osceola.

Miss Rosie Reid and Miss Florence McBride left Monday morning for a 4-H Camp near Avon Park. Soon after arriving Florence became ill, and her mother Mrs. Mildred Hughes went to the Avon Park Hospital where Florence was being cared for. Both returned home Wednesday.

Osceola parents are encouraged to send their children to the City Park where there is a fine program of supervised recreation from 9:00 to 12:00 a.m. and from 2:00 to 5:00 p.m. each day Monday through Friday. This program is under the supervision of the County School Board and is very well handled.

Mrs. Mattie Dotson is leaving Friday morning to visit relatives in Mississippi.

Mr. and Mrs. Julian Schrock, and son, Kevin, of Pahokee, Mr. and Mrs. Julian Griggs and daughter, Anita Rose, and Miss Evelyn Pyle spent Sunday evening visiting friends in Osceola and attending Church of the Brethren there.

Mrs. Martha Allison is helping them caught, next week.

NEGRO NEWS

RECREATION PROGRAM OSCEOLA CENTER

The summer Recreation Program at Osceola Center got underway to a good start with watermelon eating and the supervision of Mr. Daniel Plywood and Mrs. Betty F. Speaks. The children had a wonderful time, enjoying story telling and many various games to play.

Miss Speaks is doing a fine job for her first time with the program and Mr. Bywood is enjoying his second year of work in the recreation program.

Rev. Pennington donated many games and other useful things toward the program. On Tuesday the boys in charge of Mr. Bywood played Lake Shore in a softball game. Although Lake Shore was victorious, the boys enjoyed the game and when they play a return game plan to have a winning team against the Lake Shore Tigers.

Next week the girls will start their sewing classes under Miss Speaks and some wonderful work from the children is expected this year with her help and assistance.

A fishing trip is in store for the boys with Mr. Bywood and will be reported on how many

ROSENWALD ELEMENTARY SUMMER RECREATION

It has been recognized by educators the world over that education is a continuing experience, occurring from hour to hour, day to day. Hence, educational advantages must be designed that these services must be able to cope with the everchanging modes of society.

To aid year round learning experiences for the children of the South Bay area, the Palm Beach County Board of Public Instruction has set up a summer program for the children of this area. This program is under the supervision of Mr. E. Fitzgerald and Mrs. I. V. Clay.

Mr. R. L. Jemmot is Principal. Mr. Jack Smith, Coordinator. Our first year recreation program has proved to be very interesting with much progress being made. Experiences offered to the enrolled seventy-five children are art and crafts, music, directed play and shop experience.

We offer our sincere appreciation to the town of South Bay for their liberal donation toward aiding our program.

The softball game held Monday, June 27 was played between the boys and girls of Everglades Vocational School and Rosenwald Elementary. The girls were victorious—the boys lost.

Gardening

Daylilies For Florida
By MRS. ROY A. BAIN

(Continued from last week)

Today, the earliest daylilies have yellow or orange blossoms. A few choice pale lemon varieties have a delicate spicy fragrance.

Hemerocallis blossoms are notably ephemeral, usually lasting but a single day. The Greek word, "Hemerocallis" means "flower for a day." However, breeders have produced varieties which open in the evening and remain in good condition the following day.

Daylilies are quite diverse in flower form and color. Florida Hybridizers prefer to work with the evergreen types to produce new varieties. Daylilies range in height from less than a foot to six or seven feet.

The veined gracefully arched leaves are arranged in two ranks. They vary in color and height from small grass like leaves to large fibrous ones that are over an inch in width. The flower stalks, which rise directly from the crown are usually held high above the leaves, and are naked except for small bracts at the nodes. The flowers vary in size from one inch to more than eleven. They are star-shaped, spider-shaped or funnel shaped. Some are reflexed, others are curved. The petals are twisted, frilled or fluted.

Daylilies are propagated by division or by proliferation (leafy shoot or offset) that is, structures that arise as buds on the scapes and develop into small plants. After the blooming period, the proliferations can be broken off and handled as cuttings. These plants produce offspring true to the parent. Daylilies are rapidly multiplied by crossing the plants and producing seeds, but the seeds of daylilies seldom come to true type and the hybrids usually are not

so good as either of the parent plants. Gardeners wishing to experiment should use Hemerocallis fulva (deep orange) "Rosaland" pollen to cross with good varieties.

After flowering at the beginning of the rainy season, is the best time to transplant daylilies. The beds that they are to occupy should be well enriched in advance of the planting time. A liberal mulch of rotted compost fortified with a sprinkling of balanced commercial fertilizer should be turned under. If you expect to grow these perennials directly in front of vigorous evergreen shrubs, the roots of the border mulch can be cut back carefully when the beds are prepared and again several times during the growing season.

Dig the natted clumps with generous root systems left, as you shake them vigorously, you will note that as the soil falls away, each clump is in reality a colony of individuals. Carefully separate until the clump is a single subdivision. In setting these divisions in their new garden sites have them exactly the same level that they were in the old bed. Less deep, water liberally, but do not worry about shading, as this is unnecessary for these hardy perennials.

When daylilies have been set into beds that were properly enriched, supplementary feeding is not needed until the following January.

In buying daylilies it is best to obtain varieties from our Florida growers and hybridizers as their plants are adapted to our Florida soils and conditions.

Hypertension Result Of Longer Life Span

People are now living longer and thus are becoming prey to arteriosclerosis, hypertension, says Dr. N. M. Marr of St. Petersburg.

"Of people over 60 years of age, 60 per cent will die as a result of arteriosclerosis, of heart, kidney or brain," This

disease, hardening of the arteries, occurs in everyone if he lives long enough, but appears earlier in men than in women, Dr. Marr states.

Hypertension kills 200,000 people in the United States and over a million in the world each year, he continues. Although women have hypertension twice as commonly as do men, it is more serious in males, he reported at the latest Southern Conference on Gerontology at the University of Florida.

The reports delivered at the conference will be released by the University of Florida Press on June 21 under the title "Aging and Retirement."

Robert J. Havighurst reported that the Committee on Human Development has practically found a person who had a well-defined plan for as much as "ten years of life after his retirement." Havighurst said that the Chicago steelworker who planned to follow the Chicago White Sox on all their road trips had a more systematic plan than 95 out of 100 people who approach retirement.

Sidney L. Pressey of Ohio State University believed that the able older professional man of rich experience and maturity of judgment and personality is not needed until the following January.

"From the point of view both of the older professional person and society, retirement practice which too early or too abruptly terminate professional career are unfortunate," he said.

"Aging and Retirement," edited by Irving L. Webster, is the fifth volume in the Institute of Gerontology Series.

WASHINGTON NEWS LETTER

From
The
Herald

WASHINGTON—The State Department and representatives of the Civil Aeronautics Board almost got away with a left hook to the mid-section on the airline industry when they granted to the new German airline, Lufthansa, the right to fly direct from Berlin to New York, Philadelphia and other cities in the U. S. The flights would then continue on to other cities in South America. Our own domestic lines, as well as Pan American Airways, flying international routes, have been seeking such "banana" routes for years without success. To grant this privilege to the German airline would have done great damage to National, Eastern, PAA, Braniff and others.

I was pleased to be able to Chairman a meeting before the Senate Interstate and Foreign Commerce Committee at which appeared representatives of U. S. airlines, the State Department, and the CAB—and to get

the best of both worlds. The CAB is now in a position to make a decision on the CAB's decision to grant the right to fly direct from Berlin to New York, Philadelphia and other cities in the U. S. The flights would then continue on to other cities in South America. Our own domestic lines, as well as Pan American Airways, flying international routes, have been seeking such "banana" routes for years without success. To grant this privilege to the German airline would have done great damage to National, Eastern, PAA, Braniff and others.

I was pleased to be able to Chairman a meeting before the Senate Interstate and Foreign Commerce Committee at which appeared representatives of U. S. airlines, the State Department, and the CAB—and to get

an agreement from the CAB and the State Department to reconsider the grant to Lufthansa, and to give our domestic airlines an opportunity to be heard before any agreement was entered into with the German airline.

Our Senate, Interstate and Foreign Commerce Committee just reported out the Aid to Airports Act which grants construction authority up to an amount of \$63,000,000 for the years 1956, 1957, 1958, and 1959, which can be used as matched funds in assisting local governing agencies in erecting airports and terminal facilities. This particular legislation will be of considerable help to some of the larger cities and most every small city in the state which has ambition for an up-to-date, modern airport.

Exception To The Rule
It is with great pleasure that I am able to advise that pending the final approval of a bill for the transfer of lands under the Surplus Property Act, the health and education of the people is being served by the release of Pinellas County to the Board of Pinellas County, Inc. These 10 acres are adjacent to the Bay Pines Hospital, and shall be used by the County for the building of a new elementary school. It is hoped that when the new policy is in force, that there will not too great a delay in the releasing of other lands for similar purposes. This exception was made because of the fact that Pinellas County is in a "federally affected area"—by reason of the location there of Bay Pines Hospital and Pass-A-Grille Veterans Office.

"Trip-Leasing" Progress
For three days last week I held hearings on the so-called "trip-lease" bill. This is a proposal which would prohibit the ICC from forcing trucks which carry agricultural products to travel empty on the return trip home rather than be leased to a certificated carrier for a period of 30 days or more.

In my humble judgment, the practice of trip-leasing has been beneficial to the citrus industry and all agricultural interests in Florida for it permits quick and flexible distribution of perishable products and it enables this distribution to be made to large and small cities throughout the country and at considerable benefit to farmers and consumers. There is considerable opposition to the trip-leasing bill from non-agricultural carriers—and with some merit—but I believe a solution to their specific objections can be worked out.

Brevities: : : Among the "48" our fair State ranks 7th in the sale of U. S. Savings Bonds, regarding the ratio of sales to our state quota of \$75,400,000. Total sales for the first four months of this year was \$29,491,000 which is a gain of 37.1 per cent over total sales for the same period last year.

Best wishes to the Florida Citrus Mutual for their continued and ever increasing success on their 7th anniversary. You are to be congratulated on your fine record of achievement and the tremendous contribution made to the growth and development of one of Florida's most important industries. : : Henry Balch, Editor of the Orlando Sentinel, is here in town preparing a story that all Sentinel readers will genuinely appreciate. : : It was a great pleasure for me to have as my guest this week on my TV and radio programs, Majority Leader Lyndon Johnson. I am sure you will especially enjoy this broadcast, and also an article published on pages 24, 25, and 26 of the June 27th issue of Newsweek magazine, concerning Senator Johnson.

For truth and duty it is ever the fitting time; who waits until circumstances completely favor his undertaking will never accomplish anything.—Martin Luther.

Silver Spurs Rodeo To Open Nite Of July 2

The music of Art Davis and his Rhythm Riders will be featured at the matinee performance of the Eleventh Annual Silver Spur Rodeo which opens Saturday night, July 2 and will run three days during the coming Independence Day weekend.

Starting out with a gala parade in downtown Kissimmee at 3 p.m. Saturday, July 2, the opening rodeo performance will follow at 8 p.m. Matinee performances are set for Sunday and Monday, July 3 and 4.

The famous Silver Spur quadrille on horseback will again be a stellar attraction of the show, in which sixteen horses and sixteen riders perform the intricate figures of the square dance in the center of the large arena.

In addition to clowns and trick riders, spectators will see professional and amateur cowboys vying for some \$2500 in purses and entry fees in five RCA-approved events; barrel racing, calf roping and bull riding.

Hard-riding youngsters will have an opportunity to demonstrate their saddle manners in the exciting boys' relay race and the girls' cloverleaf race.

The rodeo is but a part of the city-wide Kissimmee homecoming celebration in which various civic organizations participate. All former Kissimmeeans are invited to register and take part in the festivities.

Cream Of 4-H Crop To Get Recognition

The best 4-Hers of the Nation are not chosen by ballot, but earn their honors by merit and accomplishment.

This deserved recognition goes to the top ranking of the National 4-H Club members through three National 4-H Award programs, Achievement, Citizenship and Leadership. Each of the programs recognizes the different qualities by which people are judged and success is measured.

In the Achievement program, boys and girls are honored for over-all accomplishments in projects and activities, based on long-time records. Awards are provided on the county, state, sectional and national levels by the Farm Motor Company.

Medals are available to four winners in each county. The winning boy and girl in the state receive a set of two miniature statues, and 24 sectional winners are given all-expense trips to the National 4-H Club Congress in Chicago, Nov. 27-Dec. 1. At the Congress, six boys and six girls will be presented with scholarships as national winners.

The Cooperative Extension Service conducts these programs, and the awards are arranged by the National Committee on Boys and Girls Club Work. Complete information is available at county Extension offices.

4-H members who have developed and put into practice the qualities of a good leader are honored in the National Leadership program. The top-ranking boy and girl in each county are eligible to receive a medal of honor, and the two state winners are given 19-jewel watches. At the Club Congress, eight sectional winners will be honored. The first place boy and girl will be selected and presented with silver trays at the Congress.

The Citizenship program emphasizes those attitudes, qualities and acts which reflect a good citizen's concern for the welfare of family, community, state and nation. The boy and girl winning state honors will be presented a certificate of honor. The top boy and girl in the Nation receive expense-paid trips to the Club Congress, and \$300 scholarships are given in honor of Thos. E. Wilson, Chairman of the National Committee on Boys and Girls Club Work.

During the Congress, the first place boy and girl in the Achievement program will be presented silverware trophies, provided by the President of the United States. They will join the top Leadership and Citizenship winners in giving the "1955 4-H Report to the Nation" in Washington, D. C.

The Cooperative Extension

Service conducts these programs, and the awards are arranged by the National Committee on Boys and Girls Club Work. Complete information is available at county Extension offices.

SOUTH BAY BEACH CITY LAKE HARBOR

Mr. and Mrs. Earl Walker and family of West Palm Beach, H. B. Walker, Neil and Marsha visited their brother, Don Walker, at Tide Sunday. He had recently returned home from Ft. Lauderdale where he has been receiving medical treatment.

Miss Betty Haymore and Linda Miller are visiting relatives in Mount Olive and Mount Airy, N. C., for a couple of weeks.

Mr. and Mrs. Earl House and family left recently on a two weeks vacation visit among relatives in Alabama. Jimmie Lou Summerlin accompanied them to visit her grandparents, Mr. and Mrs. C. O. Woodman in Ozark, Ala.

Mrs. Mildred Larrick of Lake Harbor is attending the summer session at Florida State University in Tallahassee.

Mrs. C. B. Ming of Miami accompanied by her daughter and son-in-law, Mr. and Mrs. Webster, called on Mrs. O. H. Martin Sunday as they were en-

route to Plantersville, Ala., for a visit.

Mrs. Aubrey McAllister and baby of Fort Myers visited her grandmother, Mrs. Cora Marlowe, from Friday to Tuesday.

Mickey Herring is expected home Sunday from Davenport, Iowa where he has been attending college. He will return in October after the summer vacation.

Mrs. B. H. Turner of Blakey, Ga., is visiting her niece, Mrs. M. Davis.

Edwin Walker of West Palm Beach visited his cousins Marsha and Neil from Thursday to Sunday, returning home with his parents Sunday evening.

Mrs. Annie Cooper is having her home remodelled and redecorated. She will occupy one apartment, her son and daughter-in-law, Mr. and Mrs. E. M. Cooper, Jr., and family will occupy the other.

Miss Marlene Walker of Miami spent the weekend in Fort Myers with her mother, Mrs. Edna Walker. Mrs. Walker and Mrs. Pauline Bailey accompanied her back to Miami for a few days. H. H. Walker is in

charge of the restaurant at Ft. Myers in their absence.

Miss Janice Summerlin was home from Miami for a week end visit with her parents, Mr. and Mrs. J. C. Summerlin.

Mr. and Mrs. E. E. Ming of Montgomery, Ala., arrived Tuesday for a visit with his sister and brother-in-law, Mr. and Mrs. O. H. Martin.

Mr. and Mrs. Leroy Connor of West Palm Beach took Saturday dinner with Mr. and Mrs. W. C. Allen. The two couples took supper with Mrs. and Mrs. Vernon Henderson in Lake Harbor and the Connors remained over the weekend with the Hendersons. They were joined at supper by E. A. Rodriguez and Merle Mead of West Palm Beach and all attended the American Legion Installation at Clewiston Saturday evening.

John L. Evans has returned from Sycamore, Ga., where he was called by the death of his mother-in-law, Mrs. J. R. Brown. Mrs. Evans and son John Brown remained and will return home later.

Karen and Gwen Gove of Belle Glade spent several days with their grandmother, Mrs. Fannie Brown.

Mrs. and Mrs. A. B. Barnes made a trip to Boynton Monday to consult a physician.

Mrs. Mallie Fay Walker and son Roger are expected to arrive Sunday from Macon, Ga., to make their home here again after an absence of several years.

Mr. and Mrs. Floyd Wilder were hosts Saturday night at a fish fry at their home. Guests were Mr. and Mrs. Pelton Morris of Belle Glade, Mr. and Mrs. Alton Goodbread and their families.

Jim Challancin on his return from Lake Osborn left by bus to join his parents at Stateboro, Ga., where they are visit-

ing his grandparents, Mr. and Mrs. George Thompson before going on to Hamilton, N. Y., for the summer.

Frank Tyler left this week for Iron City, Ga., to spend a fortnight with his family who are spending the summer there with his kinfolk.

Mrs. T. L. Driggers returned home from the Belle Glade Hospital Sunday.

Mr. and Mrs. Harvey Hodges and children visited relatives in Miami Sunday.

Garden Club Members Entertain Families

The South Bay Garden Club enjoyed their annual family get-together picnic at the Jeffers Memorial Park Friday evening at 8 o'clock.

A covered dish supper was served ending with watermelons furnished by Mr. and Mrs. C. B. Higginbotham.

Others attending were Mr. and Mrs. E. M. Willis, and Barbara, Mr. and Mrs. Floyd Wilder, Linda, Sharon, Teresa and Buddy, Mr. and Mrs. S. E. Henderson, Betty Lou, Daphne, John Lee and Ricky, Mr. and Mrs. B. Willis, Dick and Doris, Mr. and Mrs. I. P. Roberts and Sharon, Mrs. Roy O'Bannon, Mrs. B. H. Turner, Mrs. G. J. Barstow, Don Barstow, Mrs. H. C. Willis, Mr. and Mrs. Eric Hartline, Mr. and Mrs. William Masonic, Barbara and Gail, Mrs. Mary Waters.

LDS District Church Rearing Completion

Mr. and Mrs. Julius Herring, Melvin Herring, Mrs. Lucille Walker, Mrs. Estelle White, Mrs. Ethel Davis, Mrs. Barney Williams and Jack Williams attended the Quarterly Conference of the Church of Jesus Christ of Latter Day Saints at the Allapattah Lions Club Sunday.

Luncheon was served by the Women's Relief Society of the Second Branch during the noon intermission between the morning and afternoon sessions.

President Peter J. Ricks presided. He and his wife have recently returned from Puerto Rico where they established two Branches, one at San Juan and one at Ramey. They are attached to the South Florida District. The dedication went to the recreation center of the Second Branch. The \$200,000 Chapel and recreation center of the First Branch now under construction at 17th Ave. and N.W. 96th St., is expected to be completed for occupancy by the first of the year. It will seat from 1000 to 1500 persons and will be a district meeting place. 236 members attended from Punta Gorda, Fort Myers, Belle Glade, Fort Pierce, West Palm Beach, Fort Lauderdale, Hollywood, Miami, Marathon and Key West.

Boy Scouts Return From Lake Osborn

Scouts from Troop No. 26 of South Bay who attended camp at Lake Osborn returned home reporting a fine time. All of them advanced in their scouting work.

Jim Challancin was initiated into the Order of the Arrow. Dan Willis and Albert Oyler were awarded swimming badges. Carlos Sloan completed his second class requirement. Wendell Rhodes, John Willis and Michael Roberts were awarded swimming and life saving badges. Billy Wald also advanced his standing.

Square Dance Tonight Is Feature Of Family Recreation Program

The family night an innovation this year on the summer recreation program, put on by the Board of Public Instruction and Parent-Teacher Association, proved very successful on the first event Friday night when parents and children enjoyed an evening at the Pahokee Pool.

Twenty-three adults and 69 children were in the party totaling \$2 in all.

This coming Friday night a square dance on the school tennis court is planned as the second family night feature.

Principal Pellon Morris is in charge of the program at the South Bay School. He is assisted during the morning and afternoon supervised play periods by Miss Myrtice Gibson and John G. Abbott, all of whom take part in the family night programs on Friday nights.

Your Chance To Be A Florida State Trooper

Comdr. H. N. Kirkman announced today that he is accepting application for recruits under authority of House 1955 Legislature which appropriated money with which to hire, train

and continue next week in badminton, checkers, ping pong, Arts and crafts, indoor and outdoor games will continue.

Harold Emery, former South Bay principal, will be in charge of the Friday night square dance for families, adults and children. It will be held on the school tennis court at 8 o'clock.

Enrollment at present is 135 with an average attendance the first week of 73. Average attendance is expected to pick up the closing of the Baptist Bible School.

Lake Harbor has an enrollment of 40 with an average attendance of 30. They meet in the mornings from 8 to 12

o'clock with John G. Abbott, with swimming periods at the Clewiston Pool two mornings a week.

COUNTY COMMISSION ORDERS BIDS ON NEW HOME FOR CHILDREN

At its regular meeting Monday, the County Commission ordered the preparation of plans and specifications and calls for bids on a new Palm Beach County Children's Home.

County Judge Richard P. Roberts, spokesman for the visitors, said plans for the new home "seem to be as near perfect as possibly could be expected." He complimented Architect George Votaw for working

out plans to fit the needs and committed the commission for providing a new home with enough facilities to take care of future needs.

County Commissioner Kenneth Foster said the site of the new childrens home had been secured from the West Palm Beach Water Company and that this land was outside the lands which the company has offered to sell to the city of West Palm Beach.

The Board of Visitors also told the commission that they would ask the Palm Beach County School Board to construct a classroom in connection with the new children's home.

SO. BAY PARK BUILDING TO BE BUILT BY COUNTY

The county commission this week turned down a lone bid for construction of a utility building at South Bay park and voted to construct the building with county crews.

Don Hilliard and Son submitted a bid of \$7,250 for the building. County Engineer Steve Middleton estimated that it could be built by the county for about half that amount.

A bid from Rubin Construction Company of \$5,180 for resurfacing a section of Conners Highway in Canal Point, was received and approved by the county board this week.

Recreation Program Changes Schedule

Principal Pellon Morris announces a change in schedule for the daily summer recreation at the school. Morning hours will be from 8:30 o'clock to noon. Monday, Wednesday and Friday the afternoon hours will be from 1 o'clock to 4 o'clock. Tuesday and Thursday will be swimming at the Pahokee Pool from 1 to 5 o'clock.

Tournaments start Wednesday.

There are minimum qualifications an application must meet:

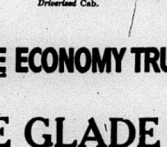

Applicants must be over 21 but under 35; they must be five feet ten inches tall, weigh 160 pounds, in socks, feet have 20-30 vision in both eyes without glasses and have a high school education.

Those accepted will undergo a mental and physical examination, and if they pass those, they will then start on a six to eight-week long intensified training program at the Palatka State University's west campus here.

Persons interested may secure an application from any Palatka station, according to training officer, Lt. Jay L. Hall. The completed application should then be mailed to Comdr. Kirkman, Martin Building, Tallahassee.

Previously the Patrol's school had been at Eglin Air Force Base until a permanent one was established here about a year ago. Although a member of State Highway Patrol Officers and men serve in instructor roles during the training schools, Lt. J. W. Hagans of Jacksonville, and Sgt. J. A. Dickens of Panama City, are among the regularly assigned school personnel.
